A SPECIAL INVITATION TO
JOIN THE OMEGA CLUB
How can you support specific programming at the Center?

The Center for Global Nonkilling is the only organization focused on realizing a future where we transcend our preventable disease of lethality. The Center is a catalyst for research, education and training, and application expertise for individuals and societies to achieve best practices toward a world free from killing.

The book is being translated into 41 languages accessible to over 4 billion speakers. Over 600 scholars in 300 academic institutions in 73 countries have joined in 19 disciplinary research committees that are contributing to a scientific paradigm shift from acceptance of killing to discover and apply nonkilling knowledge.

In addition, programming for leadership training and the creation of Affiliate programs provides a global expression of nonkilling principles and applications. Please become a member of the Omega Club and give toward the special programs that resonate with your values.

Nonkilling is the alpha and omega of life.
I want to personally thank you for your friendship and nonkilling spirit!

The Center needs your support at this critical moment. Please join today!

FOR ONLINE DONATIONS, GO TO: www.nonkilling.org
If you would prefer to send a check or credit card donation directly to the Center in care of Glenn D. Paige, fill out and mail this form. Thank you!
