Item 3.
Interactive dialogue, Special
Adviser on genocide.
Geneva, 5th of March 2018

Dear Human Beings,
Mister Vice-President,
Mister Special Advisor and Special Rapporteur
Excellency's,
Ladies and Gentlemen,
Dear webcasters,

Good afternoon,

The Center for Global Nonkilling warmly welcomes the
report of the Special Adviser and the Special
Rapporteur.

We would like to highlight the fact that legal
infrastructure is also a good preventive tool.

48 States have not yet ratified the Convention on the
Prevention and Punishment of the Crime of Genocide.
Some others have made reservations considered
incompatible with the purpose of the Convention.

We are happy to announce that through the Universal
Periodic Review and other means, the Center for
Global Nonkilling is starting a worldwide campaign
meant to incite these countries to ratify this essential
convention or to withdraw their reservations, and thus
to progress towards the universality of the Convention
and universal respect of the right to life.

Thank you for your attention and for your efforts to
achieve a livable world for all.
